

SLINGSHOT
TO THE EDGE

2018

A black and blue Slingshot is in the foreground, driving away from the viewer on a paved road that curves to the right. In the distance, another Slingshot, orange and black, is also driving away. The background is a dense, green forest. The text is overlaid on the right side of the image.

|| THIS IS NOT AN INVITATION. IT'S A DARE.

*We dare you to ignore it.
We dare you to categorize it.
We dare you to rationalize it.
The Slingshot.[®]
Insanely low. Absurdly powerful.
No roof. No doors. No regrets.
Choose a model.
Throw it in gear. And go.
We dare you.*

// NEVER BEEN HERE. NEVER DONE THIS.

It's not exactly a motorcycle. It's not really a car. It's a Slingshot,[®] and here's the one that started it all. Two wheels in front. One in the back. And a stance so low, even straightaways are exhilarating. With ABS disc brakes. Electronic Stability & Traction Control. And a 5-speed manual transmission to keep you in control, thrill after mind-bending thrill.

SLINGSHOT **S**

A person is riding a Slingshot vehicle, which is a three-wheeled motor vehicle. The rider is wearing a dark jacket and is holding the handlebars. The vehicle has a large, black, curved touchscreen display mounted on the dashboard. The display is showing a map and some vehicle information. The rider's hands are on the handlebars, and the vehicle is moving forward. The background is a paved road.

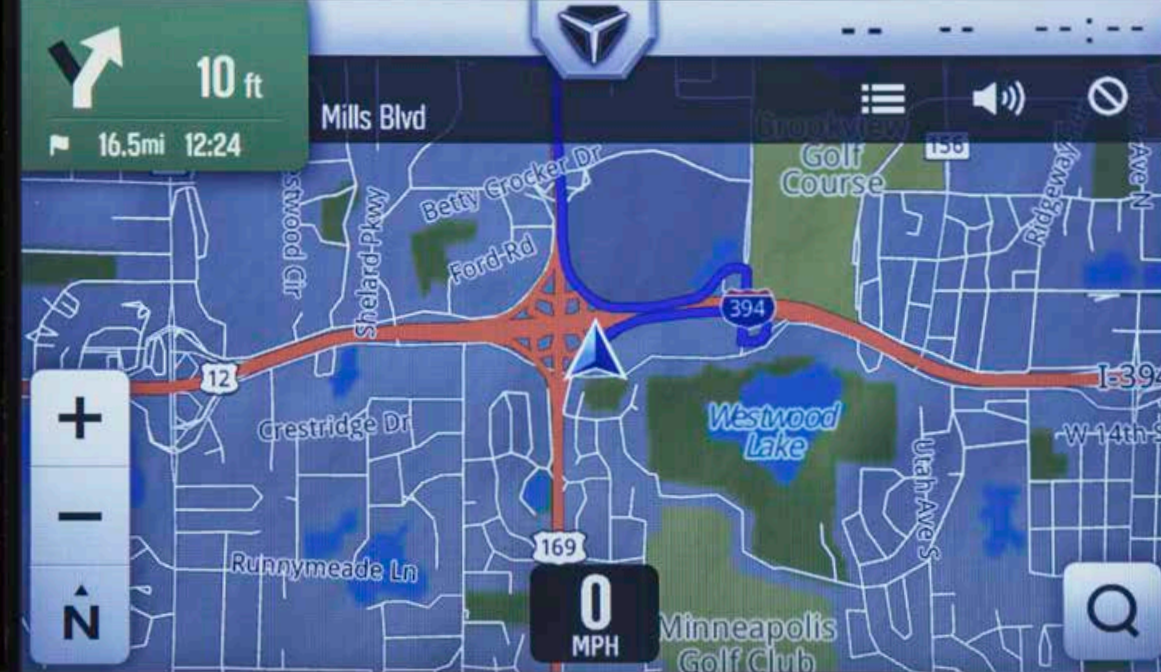

STAY CONNECTED TO THE ROAD AND EVERYTHING ELSE.

Escape the ordinary while staying in touch. Introducing Slingshot® Ride Command.® A seven-inch, multitouch display gives you quick access to whatever you need: Bluetooth® and USB audio, vehicle info, even turn-by-turn directions. And, with a customizable split-screen display, you can focus on what matters most: the road.

Customizable Split-Screen Display

Turn-By-Turn Navigation / Pinch To Zoom

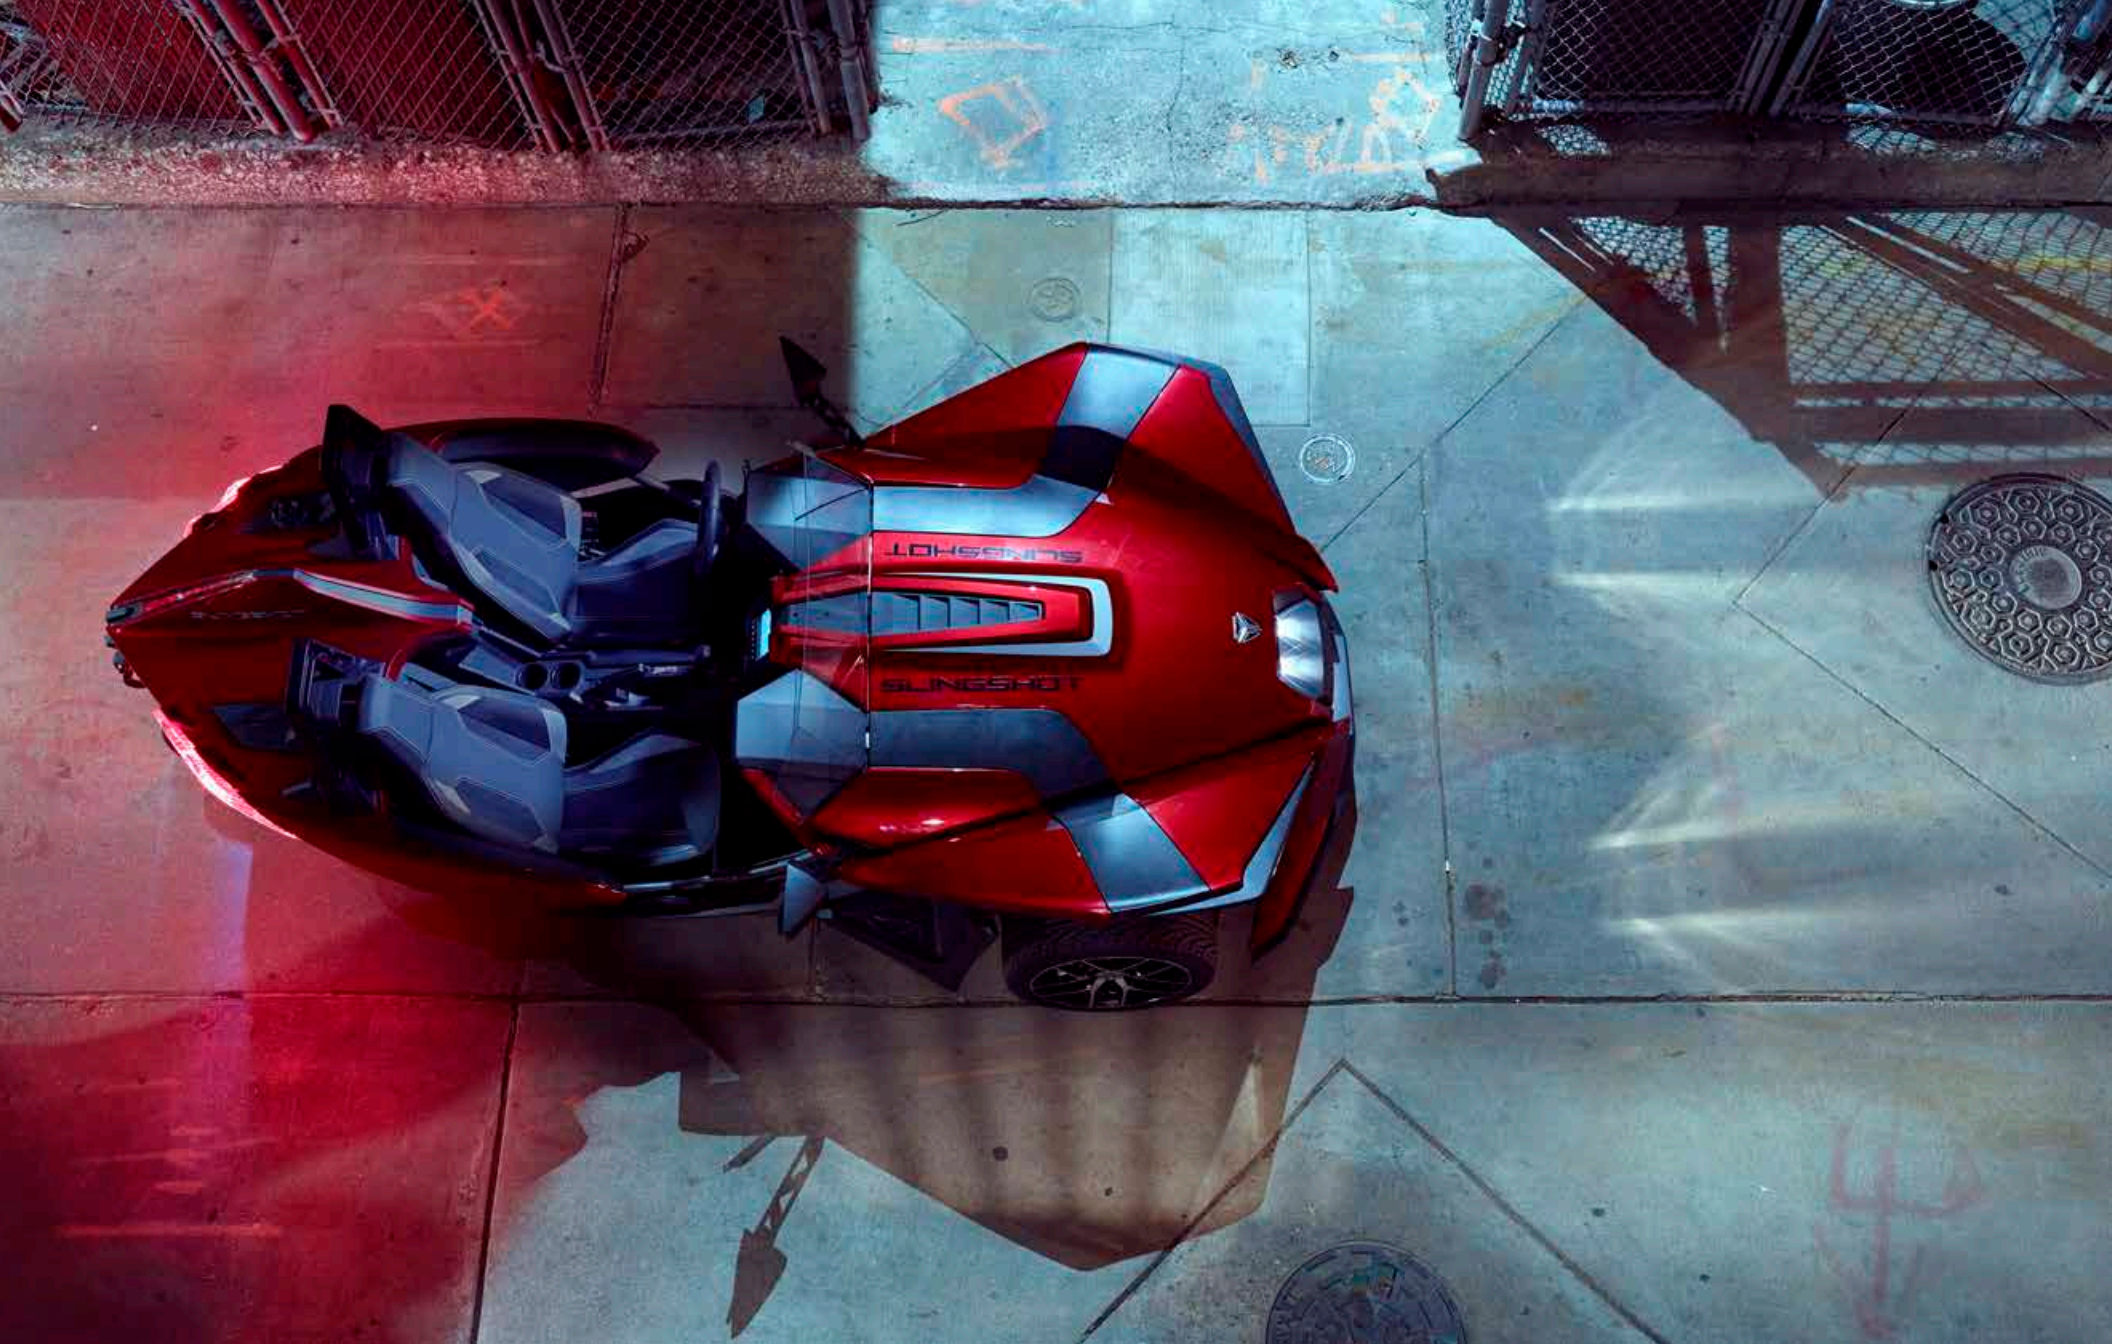

Integrated Bluetooth® Audio

// IN THE SPOTLIGHT AT EVERY STOPLIGHT.

Style that makes a bolder statement. This is the Slingshot® SL. Available in two attention-grabbing colors. With cast-aluminum wheels. Premium Rockford Fosgate® audio, for a sound as powerful as its presence. And the multifunctional Ride Command® touchscreen that lets you keep an eye on what's important. While everyone else has their eyes on you.

SLINGSHOT **SL**

// TRACK-READY. STREET-LEGAL.

The SLR doesn't just feel like it was made for the racetrack. It was born from it. With Sparco® racing components. An extra-wide 305mm rear tire. High-performance 18-inch forged-aluminum wheels. Premium SLR-branded bolstered sport seats for extra support in the corners. And the Slingshot® Ride Command® system with navigation, to help you find the most exhilarating routes. So, get in. Put on your driving gloves. And prepare for one intense ride.

SLINGSHOT **SLR**

// FOR THE DEVIL ON BOTH SHOULDERS.

Introducing the limited-edition SLR LE. Equipped with factory-custom features that will make you surrender to temptation. Like BILSTEIN 10-way adjustable shocks. Premium SLR-branded sport seats with color-matched side bolsters. And a 200-watt Rockford Fosgate® audio system that feels as intense as the drive itself. Top it all off with special-edition Ghost Gray and Lime Squeeze paint and graphics, and you have one vehicle that cannot be ignored—or denied.

**FOR SOME, THE RACE
IS ALWAYS ON.**

Extremely light. Inches off the ground. And plenty of power. It's not just a Slingshot.® It's a racing machine. And we proved it when Slingshot® Racing took on the 2017 Race Of Champions. The best drivers. The best vehicles, including the Slingshot SLR, the only three-wheeled machine to ever compete. And the only vehicle in the race you can actually purchase today. All you have to do now is get an SLR. Find yourself a racetrack. And drive.

BE A CATEGORY OF ONE, IN A CATEGORY OF ONE.

We took it to the edge. You, the Slingshot® community, pushed it beyond with your one-of-a-kind builds. Through the performance upgrades, custom paint, incredible lighting and body mods, you never cease to inspire us. So keep pushing those boundaries. And if you think your custom Slingshot® deserves to be featured here, tag it on Facebook® and Instagram® with **#MySlingshot**. We dare you.

The Polaris Slingshot® accessories website designates the accessories designed to fit your vehicle. Follow the website instructions to determine which accessories you can install on your vehicle. When adding accessories, equipment, passengers and luggage to your vehicle, do not exceed the total weight capacity of the vehicle or of the front or rear axle (GVWR or GAWR, as indicated on the safety compliance certification label). Ask an authorized dealer for specific weight information if you need assistance. It is the owner's responsibility to use the Polaris Slingshot® accessories website as a tool for limiting the amount of accessories, based on maximum allowable vehicle weight requirements. For a complete listing of the accessories that are available for your vehicle, please contact your authorized dealer or visit the online store website. It may be a violation of the Clean Air Act or the NHTSA regulations to disregard these requirements.
